

ER-2-2424 A

Approved For Release 2003/11/04 : CIA-RDP57-00384R000800020025-7

OGC HAS REVIEWED.

LS 9/3

18 September 1951

WRW

Policy with respect to use of this plane must be set by you in the beginning and explicitly.

STATINTL

STATINTL

I cannot recommend too strongly that you specify in writing to the Director of Training that supervision of the use of this plane shall be his responsibility, with the proviso that the use of the plane shall be confined to the transportation needs of the TRC, with only one pilot [redacted] to operate the plane, with only one selected co-pilot if deemed necessary. Also, the Director of Training should be instructed to post [redacted] with the responsibility for taking care of the plane in respect to supervision of maintenance, etc. Most particularly it should be directed that under no circumstances shall this plane be used by any one of our qualified pilots to put in flying hours.

MP, 8

STATINTL

h. B. I tried this out on
[redacted] He said
such a policy is top-priority
necessity
